SIEMENS

GO PLM Grant Application – PO No. _____

Siemens supports the academic community and wants to offer all schools the opportunity to use the latest, state-of-the-art PLM tools in their curriculum. Siemens GO PLM Program awards software grants to highly qualified academic institutions based on applications received. Factors such as school size, academic program content, program exposure community impact and financial needs are taken into consideration. A typical grant involves the in-kind contributions of the PLM software for a set period of time along with support and upgrades during the period covered by the grant. Extensive training materials are also made available. If you are interested in a GO PLM grant, please fill out the following information and submit it to academic.plm@siemens.com. A fax may also be sent to (314) 264-8930.

_____

Name of Academic Institution   Department

_____

Physical Street Address 1   Physical Street Address 2

_____

Hall / Building   Room number
